PROFESSIONAL SUMMARY

Data Engineer with 3+ years of hands-on experience building and operating cloud data pipelines for product and enterprise clients. Currently working at Wipro across GCP and Azure Databricks. Earlier delivered AWS, Snowflake, and Airflow pipelines. Focused on end-to-end pipeline - ingestion, transformation, orchestration, quality checks.

CORE COMPETENCIES

Cloud platforms: AWS, GCP, Azure Databricks

Processing & orchestration: PySpark, Spark SQL, Apache Airflow, Databricks.

Warehousing & storage: Snowflake, Delta Lake / Lakehouse patterns, partitioned cloud storage

Engineering practices: ETL/ELT design, incremental loads, data validation, monitoring, Git-based delivery

Languages & tools: Python, SQL, Linux

PROFESSIONAL EXPERIENCE

Wipro | Data Engineer

June 2024 – Present

Hyderabad, India

- ❖ Assigned to the Waymo engagement (US autonomous-mobility platform) to build and maintain data pipelines on GCP and Azure Databricks for large-volume telemetry and platform datasets used by analytics and engineering consumers.
- ❖ Developed and scheduled PySpark / Spark SQL transformations on Databricks (notebooks and workflows), applying partitioning and incremental patterns.
- ❖ Added validation, logging, and failure handling.
- ❖ Worked on schema changes, and production support; documented jobs and data layers for smooth handover.
- ❖ Recognized with the Wipro Star Performer Award for on-time delivery and quality project work.

P.R. Associates (Inshorts) | Data Engineer

June 2023 – June 2024

Hyderabad, India

- ❖ Worked on AWS + Snowflake + Airflow pipelines for Inshorts (India short news / digital content platform) to ingest, cleanse, and load content, engagement, and metadata into the warehouse.
- ❖ Implemented incremental Snowflake loads and basic clustering/partitioning.
- ❖ Standardized table definitions and performed quality checks on incoming feeds; reduced ad-hoc cleanup work for the client data team.
- ❖ Partnered with client product/data owners on requirements, test cases.

EDUCATION

Master of Technology (Computer Science & Engineering)

2024 – 2026

Jawaharlal Nehru Technological University (JNTU), Hyderabad · Pursuing

CERTIFICATIONS & AWARDS

Certifications:

- ❖ AWS Certified Solutions Architect – Associate (SAA-C03)
- ❖ Microsoft Certified: Azure Fundamentals (AZ-900)
- ❖ Google Cloud Associate Data Practitioner

Award:

Wipro Star Performer — on-time delivery and quality of Big Data / data-platform project work
